

# Team Building Workshops

Thank you for the inquiry about corporate events & workshops at Higher Fire. All workshops are approximately 2 hours, and each option is great for groups of 8 or more people. We include all instruction, aprons, tools, materials, clay, glazes, and firing. Your team will have fun getting creative & muddy together!

We accommodate larger groups of 35 to 50 (see Option #1) by setting up three “activity stations”. Participants choose 2 out of 3 activities during the workshop. Choices include pottery wheel, hand-built mugs OR sushi dishes, and hand-built birdhouses OR oval tray with handles.

## REFRESHMENTS

For groups of 10 or more, Higher Fire provides light refreshment – typically coffee/tea/bottled water, fresh fruit and cookies or granola bars. Many visiting groups dine out prior to, or just after their workshop with us. If you prefer, Higher Fire can set aside a large table for serving snacks or beverages (beer, wine, etc.) that you’d like to bring along...just let us know.

## BOOKING

The best days for booking group events are Thursday & Friday afternoons, although we can accommodate groups most weekday afternoons with sufficient advanced notice. When you are ready to book, we collect a 25% non-refundable deposit based on your planned headcount. Balance is due on the day of the workshop. Higher Fire charges for the actual number of attendees or 90% of your planned headcount, whichever is higher. *All events are two hours long.*

## PARKING

Higher Fire provides FREE daytime parking for our guests in the parking lot behind Tate Family Auto, located at 477 S Market Street. The entrance to the lot is on Balbach Street, between Tate Family Auto and the condominiums across from the South Hall of the Convention Center.

Let us know if you have additional questions or ideas on how to make your workshop memorable and fun for the whole group!

***Activity choices are on the next page!***

# ACTIVITIES

During your workshop, each participant can work on the pottery wheel, do hand-building projects, or both. After making several items, participants choose from a broad palette of glazes – **all are food-safe, non-toxic, dishwasher and microwave safe.** Pieces are ready for pickup within 3-4 weeks of your event date.

## Option 1 \$95/person **Combination Wheel + Hand-Building**

Each person makes 1-2 pieces on the pottery wheel and creates 3 nested trays (sushi dishes), in various sizes, with beautiful, imprinted designs. Everyone has a great time exploring all the texture mats, stamps, letters, and rolled impressions while making gorgeous dishes with raised edges. Birdhouse may be substituted for the nested dishes, if desired.

**Option 1 is available for up to 36 people.**

*4-5 pieces per person*

## Option 2 \$75/person **“Wet & Wild” Pottery Wheel Workshop**

Participants make 2 pieces on the pottery wheel – typically a cup and a bowl. At the end of the workshop, we have a little friendly competition – teams compete for the tallest, combined cylinder. Prizes are typically giant chocolate bars – YUM. Mini chocolate bars given to the runners-up.

**Option 2 is available for up to 18 people.**

*2 pieces per person*

## Option 3 \$115/person **DIY Dinnerware**

Design and embellish a beautiful, 4-piece place setting. Each person will create a dinner plate, salad plate, bowl, and mug. Participants have a great time exploring texture mats, stamps, letters, and rolled impressions while making gorgeous slab-built pottery.

**Option 3 is available for up to 16 people.**

*4 pieces per person*
